Is there anything else you want the Diocesan Planning Commission to know about your parish that impacts long term planning for you and/or the Diocese of Trenton?

**There is a significant need for assistance with the Jersey Shore University Medical Center. It is much too large an undertaking for one parish to handle. This hospital is a Level II Trauma Center and is currently building a large oncology ward which will more than double our Holy Innocents' current responsibility. Also we cover seven (7) Nursing Homes regularly, and have very little support from our Deanery.**
